"Study to shew thyself approved unto God, a workman that needeth not to be ashamed..." (2 Timothy 2:15)

To our ever increasing Rhema Ministries family across Canada and around the world, grace to you and peace from God our Father through our Lord Jesus Christ.

Welcome to the month of September. With summer fleeting and fall winds beginning to blow, many are gearing up for back to school, while for others it's back to work. Here at Rhema our focus this month is Education. As many of you know I am very passionate about learning. I take my position from the truth that we are people created in the image of God. As image bearers, in our thoughts and aspirations, we should be the best and the brightest minds!

Learning is something for everyone, young and old. Whether you are just starting out or returning to study, the time is always right to build your mind. Here are three tips to spark your desire for learning:

Love To Learn - The desire and passion for learning must be in you. You have to realize that learning is a decision, and with all decisions your passion will determine your success. Take up the yoke of learning and study with passion! (Matthew 11:29)

Live To Learn - Once desire is in place then adjust your outlook on life. View life as a sustained period of learning, seizing every opportunity to gain more knowledge. Get on the information super highway and press cruise control. Follow on to know and you will know! (Hosea 6:3)

Leave A Legacy of Learning - Finally, leave a legacy of learning. Everyone leaves a legacy; whether good or bad, lasting or fleeting. You want to ensure that your legacy is one that is lasting. Leave an inheritance of learning for generations to come! (Isaiah 54:13)

To coincide with Education Month we will be launching our mentorship program (The Village) for young men and women. I encourage you to consider being an active participant in this great and life-changing initiative for the next generation. More information along with sign ups will be forthcoming this month.

And lastly, remember that our Next Dimension Conference is just around the corner. Don't miss three power-packed days of glorious impartation with Bishop Eddie L. Long, Bishop Joby Brady & Bishop Tudor Bismark. For more conference information simply log on www.rhemaonline.ca and follow the links.

Now may the blessings of the Lord be with you all; especially those who are returning to school. The Lord elevate you to the head of your class!

Anointed Generation

Contributing writer - © Dimitri Boweya-Ngombo

Is it possible to study in the best educational institutions and yet be irrelevant in the world? Yes.

Let's look at two paradigms: Moses and Jethro and Paul

1-In the OT, Jethro tells Moses that it would be emotionally and physically taxing for him to spend time with everyone every day. He suggests that Moses creates layers in his administration. This idea once implemented made way for a layered structure in the religious organization in Israel: Aaron and his family as priests at the highest layer, the tribe of Levi in the middle, and the rest of the Israelites were in the lowest layer. The same idea prevailed...[more](#)
