

"But we all...are changed into the same image from glory to glory..." (2 Corinthians 3:18)

To all my sons & daughters, partners & supporters of Rhema Ministries, grace to you and peace from God our Father through the name of our Lord Jesus Christ.

Welcome to the month of October where our focus at Rhema will be on the possibilities that are contained for us in the Next Dimension of God!

During this month you are going to experience the conference event of the year as we prepare to receive the impartation of the Lord at the Next Dimension Conference 2007. Designed to facilitate this incredible move of God that is taking place throughout the earth; the Next Dimension will convince you that we are living in unprecedented times.

Here is a sample of what you will experience in this great and awesome season.

You have entered a **Dimension of No Limits** - There are no limitations to what you can believe; think and achieve. God is removing the limitations and the boundaries from your mind in order that you may experience His fullness in every area of your life. *Get ready for that which is exceeding and abundantly above what you have asked or can think! (Ephesians 3:20)*

You have entered a **Dimension of The Supernatural** - Miracles are being released in the earth realm as never before. These signs and wonders will become the norm for your Christian life. You have experienced the natural for too long, now it is time for the supernatural. *Get ready for an overflow of miracles in your life! (Mark 16:17)*

You have entered a **Dimension of All Possibilities** - Every possibility will be realized through the overflowing and increasing anointing of God that is being poured out in this season. You must now become a possibility thinker. To you all things are now possible. *Get ready to experience the impossible in your life! (Mark 9:23)*

Right now is the greatest moment in history and you are part of a generation that shall experience God as never before. I want you to stretch your faith and expand your horizon as God prepares to do what He does best --- The Impossible! Don't miss this moment with God. I look forward to seeing you in the Next Dimension!

As always my prayer for you is that you will be whole in your spirit, soul and body; and that the increase of God will be experienced in every area of your life, in the name of Jesus Christ, Amen!

Next Dimension Conference

Rhema is now at Parc
Downsview Park

Join Pastor & First Lady Meikle for
Sunday worship service at Parc

From October 5th to 7th, Rhema will be hosting the Next Dimension Conference. After a powerful three days of word at the *Ladies First Conference* this past July, the expectation for this October is radiant with promise.

The Next Dimension Conference 2007 will host Bishop Tudor Bismark and Pastor Sheryl Brady, and will also feature a night of worship with our very own Latin sensation Paulis Sanchez.

On Friday, October 5th, Pastor Sheryl Brady will open the conference with her second visit to Rhema this year after taking part in the Ladies First Conference this past July. Alongside her husband, Pastor Brady oversees *The River*, a church in Durham, North Carolina. As a gifted teacher and a gifted singer/psalmist, Pastor Brady has traveled to nations around the planet with a word to impact lives.

On Saturday, October 6th Paulis Sanchez will lead the congregation in worship with the gifting of song that she has been blessed with. This night of worship will also be a celebration of the release of her new album, *Seguro En Ti* (Safe in You). Rhema en Espanol (REE) Pastor William Serrano will also be on hand to deliver the word.

On Sunday, October 7th, the conference will close with Bishop Tudor Bismark who is often referred as a 'voice to the nations'. In 1989, he and his wife founded Jabula New Life Ministries International in Harare, Zimbabwe. While the southern African nation is his home, he regularly travels throughout the continent and the world bringing an internationally relevant message of the Kingdom around the globe.

This October, you will be given the chance to receive revelation and direction for the days ahead of us from God's anointed. Come join the body as we gather in worship with a shared hunger and thirst for the presence of God and the liberation of His word and worship.

Regenerative Braking Season

© Lay Minister Dimitri Boweya-Ngombo

Mechanical engineers have recently discovered a new principle that allows us to use cars with an edge of demonstrating better care for the environment. This new concept is better than anything we have seen so far, as experts have long agreed that old hybrid technology has been a major factor in the issue of Global Warming. This new concept is called Regenerative Braking Power.

In summary, engines equipped with this Regenerative Braking system would reduce energy loss by converting forward motion into electricity. In other words, each time motorists hit the brake pedal, the battery is recharged and thus the fuel economy or mileage of the automobile is significantly improved. For this reason, the Regenerative Braking system is billed the next best thing as it is considered a major breakthrough in maximizing the use of available resources without compromising the future of our children.

Yet, while the above application is new to the world of automobiles, this concept has long been represented in an old principle: New Birth. It is the ongoing process that started in Calvary as the Lord sent His only begotten Son to die so that believers would forever experience His regenerative power as we press into Him. Through this principle it is demonstrated that every time believers feel like they have come to a stop, the Lord uses this not as braking point but rather as a point to release more fuel to enable the faithful to return to the race even stronger than before.

In reality, when all indicators point to an early demise, those who are connected with the mind of God truly know they are simply going through a regenerative braking season: A season that leaves us poised for 'so much better in the end of this thing than in the beginning'.

The next dimension is here! It is fueled with the force of understanding that the heat of any brake in your life is never to stop us but is rather the fuel meant to jet propel us to new heights.
